One long bunnymoon

For tantalising twitches and thrills for two, this remote control rabbit cock ring is where it's at. While soft silicone rings encircle the shaft and balls, the bunny ears tickle and tease the clitoris, and the bullet vibrator sends vibrations straight to your sweet spots.

How to use your cock ring

- Charge the vibrator by plugging the USB cable into a USB charging point, and the electrical connector into the base of the toy. The toy will take approximately 120 minutes to fully charge, and will give you up to 60 minutes of play.
- Open the back of the remote control and insert 1 x AAA battery.
- Apply water-based lubricant to the toy.
- Do not use with silicone-based lubricant.
- Stretch the smaller loop over the penis to the base of the erection.
- Stretch the bigger loop over the testicles and secure in place.
- To use without the remote control:
- Press and hold the button on the toy to put it into standby mode.
- Press again to start vibrations and continue pressing to cycle through the 3 speeds and 7 patterns.
- Press and hold to turn off.
- To use with the remote control:
- Press and hold the button on the toy to put it into standby mode.
- Press the button on the remote control to cycle through the 3 speeds and 7 patterns.
- Press and hold the button on the remote control to stop the vibrations.
- Press and hold the power button on the toy to turn off.
- To activate the travel lock, press and hold the power button for 5 seconds when the toy is off. The light will flash to indicate that the lock is activated. Repeat, or charge, to deactivate.
- Clean before and after use with sex toy cleaner, and leave to air dry before storing.
- If you're not going to use your toy for a few days, remove the battery.
